LuxFLAG aims to contribute to sustainable development and promotes transparency by awarding a recognizable label to financial and insurance products. At present, LuxFLAG offers seven different labels which can be broadly classified into two different categories namely Impact Labels (Microfinance, Climate Finance, Environment, Green Bonds) and Transition Labels (ESG, ESG Insurance Product and ESG Discretionary Mandate). Please visit our website www.luxflag.org for more detailed information on LuxFLAG's Labels, the application process and eligibility criteria.

In January 2020, LuxFLAG became the first sustainable finance labelling agency in Europe to obtain the [ISAE 3000 Type II certification](#) (International Standard on Assurance Engagement).
