

LuxFLAG ESG label

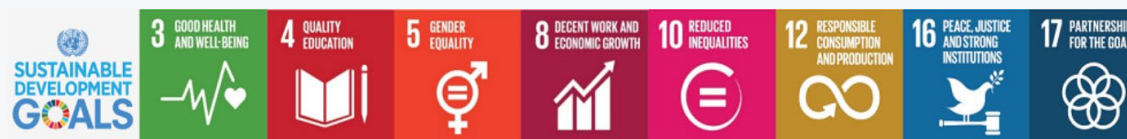

LuxFLAG
Label

ESG

Launched in May 2014, the LuxFLAG ESG Label helps to unlock capital from institutional and private investors, in order to support the financing in assets, which are screened against internationally recognized ESG standards

Objective

The primary objective of the LuxFLAG ESG Label is to reassure investors that the investment product incorporates ESG criteria throughout the entire investment process while screening 100% of their invested portfolio according to 3 of the ESG strategies and standards recognised by LuxFLAG.

Eligibility Criteria

Portfolio	100% screened
SFDR	Article 8 or 9
Exclusionary policy	Mandatory
ESG integration into investment process	Minimum of 3 ESG strategies
Legal requirements	Fund / Asset Manager must be regulated / supervised
Transparency / disclosures	Mandatory
