

**PRESS RELEASE**

Luxembourg, 22 September 2020

## **LuxFLAG labels 100 new funds, for a record 303 LuxFLAG labels, representing 92% growth over the last 12 months**

LuxFLAG is pleased to announce that 100 funds have been granted the use of the LuxFLAG label, bringing the new total to 303 investment products, with assets under management of over 128 billion Euro, as at 22<sup>nd</sup> September 2020. This represents a growth in labelled products of 92% over the last 12 months.

With the newly issued labels, LuxFLAG expands its reach to 3 new jurisdictions viz. Denmark, Finland and Spain, in addition to Belgium, France, Germany, Italy, Ireland, Luxembourg and the Netherlands.

“The asset management industry is determined to play an active role in the sustainable transition of the economy, resulting in the proportion of ESG assets growing every month. Initiatives like LuxFLAG have an increasingly important role to play in this transition by enhancing transparency and credibility to investors.” said Denise Voss, Chairwoman of LuxFLAG.

“The ever-growing demand for the LuxFLAG label affirms its relevance to investors while highlighting the sustainability credentials of the underlying investment products. In the process of expanding LuxFLAG’s activities and global reach, the stringent eligibility criteria and rigorous application review process remains our top priority” said Sachin Vankalas, General Manager of LuxFLAG.

#### **Editorial Notes:**

LuxFLAG, the Luxembourg Finance Labelling Agency, is an independent and international non-profit organization created in Luxembourg, in July 2006, by public and private partners. LuxFLAG aims to promote the raising of capital for the Sustainable Finance sector by awarding a recognizable label to eligible investment vehicles in Climate Finance, ESG (Environment, Social, and Governance), Environment, Microfinance, and Green bonds. The LuxFLAG Labels are recognized for their high standards and rigorous assessment of applicant investment vehicles' investment holdings, strategy and procedures with respect to ESG matters, as well as an affirmation of their transparency to investors – which are key components of the eligibility criteria for the LuxFLAG labels.

In January 2020, LuxFLAG became the first sustainable finance labelling agency in Europe to obtain the [ISAE 3000 Type II certification](#) for its system of internal controls for label issuance services to Sustainable Finance vehicles.
