Editorial Notes:

About LuxFLAG

LuxFLAG is an independent and international non-profit labelling agency which was founded in Luxembourg by seven public and private partners in July 2006.

LuxFLAG aims to contribute to sustainable development and promotes transparency by awarding a recognizable label to financial and insurance products. At present, LuxFLAG offers seven different labels which can be broadly classified into two different categories namely Impact Labels (Microfinance, Climate Finance, Environment, Green Bonds) and Transition Labels (ESG, ESG Insurance Product and ESG Discretionary Mandate). Please visit our website www.luxflag.org for more detailed information on LuxFLAG's Labels, the application process and eligibility criteria.

In January 2019, LuxFLAG became the first sustainable finance labelling agency in Europe to obtain the [ISAE 3000 Type II certification](#) (International Standard on Assurance Engagement).

Since then, LuxFLAG has annually obtained the renewal of this certification. It underscores LuxFLAG's commitment to maintaining rigorous standards for its processes and services related to issuing labels to Sustainable Finance investment vehicles.
