FOR IMMEDIATE RELEASE

Eiffel Investment Group's MAIF Dette à Impact among the first funds to receive the LuxFLAG Social Impact Label

LuxFLAG is pleased to announce that the fund MAIF Dette à Impact, managed by Eiffel Investment Group, has been granted the use of the LuxFLAG Social Impact Label.

As one of the very first funds to carry this newly launched Label, MAIF Dette à Impact exemplifies how private capital can be mobilized to address today's most pressing societal challenges. The fund's strategy is fully aligned with the core objectives of the Label: to support investment products that actively contribute to improved living standards, decent work, and inclusive, sustainable communities – all while maintaining transparency, robust social safeguards, and a strong commitment to measurable impact.

“The LuxFLAG Social Impact Label represents a new chapter in recognizing financial products that generate tangible benefits for society,” said Isabelle Delas, CEO of LuxFLAG. *“Eiffel’s MAIF Dette à Impact stands out for its clear social purpose and robust impact approach. We are delighted to count it among the first funds to carry this new Label and to showcase how finance can be a real driver of social progress.”*

Eiffel Investment Group is an asset manager with approximately €7 billion in assets under management, specializing in industrial expertise - particularly in the energy transition. The group finances businesses and their assets through three core strategies: private debt, energy transition (infrastructure debt & equity, private equity), and listed credit & equities.

Eiffel Investment Group invests for a sustainable world. Its investment strategies aim to deliver not only strong financial performance but also positive environmental and social impact.

Eiffel Investment Group maintains a sustained collaboration with LuxFLAG, boasting ten currently labeled financial products: five with the ‘Climate Finance’ Label, one ‘Environment’, three ‘ESG’, and now a ‘Social Impact’ Label - underscoring its deep-rooted commitment to responsible finance.

Launched in 2022 in partnership with MAIF, MAIF Dette à Impact is a private debt fund dedicated to financing mid-sized companies committed to - or looking to engage with - themes of inclusion and equal opportunity. The fund targets businesses focused on inclusive transition topics such as disability inclusion, employee training, gender diversity, youth employment, and/or senior employment. Investments are selected based on clear, predefined social objectives, monitored and evaluated by independent third parties, ensuring dual performance - both financial and

social.

“We are delighted and proud that LuxFLAG's Social Impact Label has been awarded to the MAIF Dette à Impact fund, managed by Eiffel Investment Group. This recognition reflects our shared conviction that private debt can be a force for the common good – by directing capital to companies with a genuine commitment to improving their societal impact,” states Antoine Maspétiol, Head of Private Debt at Eiffel Investment Group. *“In partnership with MAIF, we launched this fund to demonstrate that financial performance and social impact can go hand in hand.”*

The launch of the LuxFLAG Social Impact Label in early 2025 marks a major step forward in recognizing investment products that go beyond financial performance to deliver positive, measured, and managed social outcomes.

This shared milestone highlights the strong alignment between LuxFLAG and Eiffel Investment Group in their mission to drive responsible finance forward and expand the reach of investments that deliver meaningful social impact.

About LuxFLAG

Luxembourg Finance Labelling Agency (LuxFLAG) is an independent and international non-profit labelling agency which was founded in Luxembourg by seven public and private partners in July 2006. In 2023, ACA has become the eighth Charter Member of LuxFLAG.

LuxFLAG aims to contribute to sustainable development and promotes transparency by awarding a recognizable label to financial and insurance products. At present, LuxFLAG offers eight different labels which can be broadly classified into two different categories namely impact labels (Microfinance, Climate Finance, Environment, Green Bonds and Social Impact) and transition labels (ESG, ESG Insurance Product and ESG Discretionary Mandate). Please visit our website www.luxflag.org for more detailed information on LuxFLAG's Labels, the application process and eligibility criteria.

In January 2019, LuxFLAG became Europe's first sustainable finance labeling agency to obtain ISAE 3000 Type II certification (International Standard on Assurance Engagements).

Since then, LuxFLAG has successfully renewed this certification every year, demonstrating its commitment to maintaining rigorous standards for its processes and services related to labeling sustainable investment vehicles.
